Media & Promotional	Leighton Willox, Managing Director, Score Training	+44 (0) 1779 482036
Cell Disruption	Richard Mallabar, CEO, Constant Systems	+44 (0) 1327 314217

Services available within Score Group companies include:-

Valve services

- Criticality
- Strategy
- Stock Management
- Tracking
- Sales
- Purchase
- Repair
- Integrity Testing
- Recertification
- Engineering Design
- Design Consultancy
- FEED - Valve & Materials Selection
- Drawing Production (2d)
- Drawing Production (3d)
- In-situ repairs
- Shutdown Valve Management Team
- Valve Diagnostics

Industrial Gas Turbine Services

- Emissions control
- Engine Leasing
- Component repair
- Overhaul
- Stripping & cleaning
- Surface protection
- Spares supply
- Gas turbine fuel systems overhaul
- Inspection
- Service exchange
- Field service
- Gas Turbine Performance testing

Specialised & Support Activities

- Actuation Engineering
- Actuation / Operator Mounting
- Actuation Controls
- Diagnostic Testing
- Safety Valve Benchmarking
- Control Valve Benchmarking
- Acoustic Monitoring
- Fibrescope Inspection
- Flush / Lube / Sealant Injection
- Control Valve sizing / selection
- PSV sizing / selection
- Enhanced Testing
- Flow Testing
- Fire "Type" Testing
- Cryogenic "Type" Testing
- Cryogenic "Proof" Testing
- Bend Testing
- Vacuum Testing
- Emissions Testing
- Cyclic Testing
- Riser ESDV test regimes / Proc's
- Surface Treatments
- Specialised Coatings
- Weld Repair
- Weld-cladding / overlay
- Welding Fabrication
- Plasma Spray Coating
- HVOF Spray Coating
- Finite Element Analysis / Eng.
- Failure Mode Investigation
- Specialised Valve Training
- Corporate Video Design
- Cell Disruption Systems

About Score

At Score Group plc, we provide engineering, research design, supply, repair, manufacturing and training services throughout the world. We provide these services 365 days a year, in a variety of market sectors. The principle products we work with are Valve and Industrial Gas Turbines and our total commitment to an unrelenting focus on quality service provision in Intelligent Valve and Gas Turbine Solutions™ makes us market leaders in our chosen field of operations.

Score's team of 1400+ personnel are committed to safe working and providing a quality service to all our customers. We have an excellent track record, spanning 30 years, for making a positive impact in society, through our efforts to add value at all levels, to the benefit of all our stakeholders. We are principally able to do this applying our knowledge and experience of working with the people, the products and services we provide and engaging in and developing close and mutually beneficial relationships.
